MOBILE IMAGING

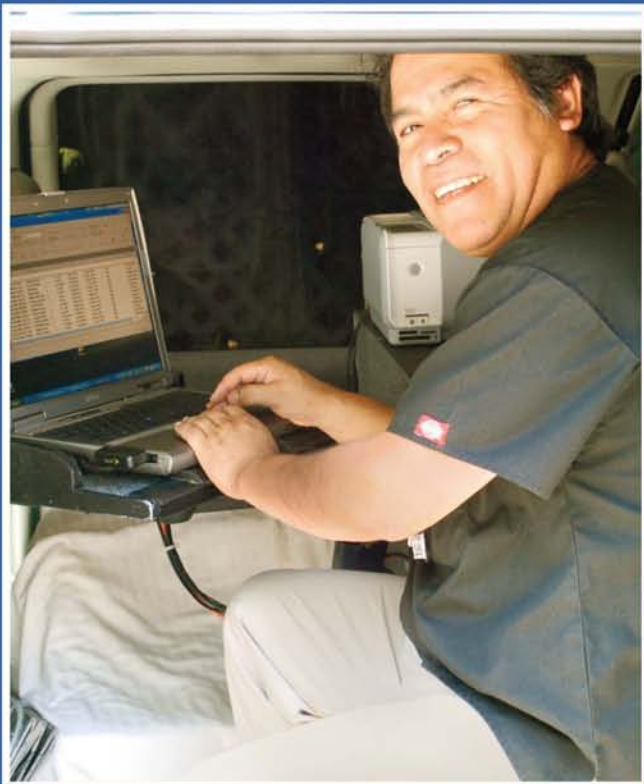

Exceptional Every Time

Axiom Reviews

"The staff is pleased with Axiom's responsiveness and professionalism. They were blown away by the quality of your films. But more importantly, they were very pleased to have Dr. Steele take the time to visit and "talk shop". With his medical background, Dr Steele truly spoke their language and helped create confidence in Axiom and therefore, Shoreline, as a result. I truly believe that we will see these physicians refer more patients to us because our affiliation with Axiom."

*-Craig Clayton, Administrator
Shoreline Healthcare Center*

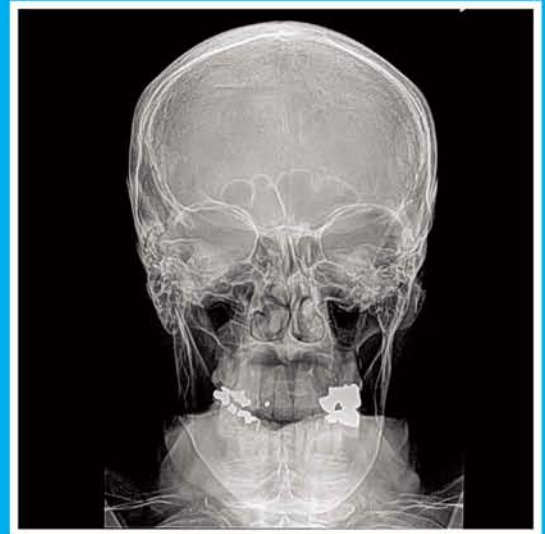

"Since we switched to Axiom - I have nothing but good things to say. Their service is fast, their technicians are friendly, their documentation is excellent and we are all very happy. Our doctors comment that Axiom does an excellent job"

*- Lita Javier, Owner,
San Tomas Convalescent Hospital,
A. Grace Subacute and Skilled Care*

Exceptional Every Time!

Axiom Mobile Imaging is California's first and only 100% digital x-ray and diagnostic exam provider. Since 2004 Axiom has set the new standard in portable diagnostics with the largest variety of bedside diagnostic examinations, the highest standards for quality and integrity, a spotless regulatory record and the newest technologies available. We are proud to offer the broadest range of money - saving services available.

ADDRESSING YOUR NEEDS

Our mission is to combine outstanding customer service with cutting edge technology to make getting diagnostic exams and results fast, accurate and pleasant for administrators, staff, and doctors.

For Directors of Nursing looking for Professionalism

- Industry leading turnaround times
- Complete accountability and transparency in ordering, imaging and recording processes
- Our technologists treat patients with compassion & families with respect
- Physicians appreciate our service and quality and will appreciate you!

For Administrators Watching the Bottom Line

- Proven cost containment programs with a history of 30-40% lower add on fees.
- Our **"Fill Your Beds"** Marketing Support Program
- All inclusive services are easier to manage
- We help take the stress out of survey

For Physicians Who Need Accuracy and Speed

- In less than 2 minutes high resolution patient x-rays can be viewed online
- Axiom Mobile Imaging sets the standard in technology with DR High Definition Digital X-Ray
- Our reliability results in more time for patient care
- Exceptional turnaround from the labs we work with. Accurate results available on line earlier in the day.

NOW WORKING WITH PREMIER LABS IN SOUTHERN CALIFORNIA

- They bring lab testing closer to the patients to reduce turnaround times and improve quality of the results.
- They offer patient-friendly draw times, and most routine lab results will be available the same day as the draw.
- We are developing these new services as we always have, by listening to our customers!

HIGH RESOLUTION DIAGNOSTIC ULTRASOUNDS

- Cardiac Echo and Doppler
- Vascular Ultrasounds (carotids, aorta, upper and lower extremities, etc.)
- Organ Imaging (liver, kidneys, bladder, breast, testicular, joints, muscular, etc)
- General Ultrasound
- Procedural Ultrasound (fna's, us guided infusions, shunt flow check, cyst/ abscess drainage, etc)

We will provide DICOM video, still frame documentation and reports on our website; all exams interpreted by a highly trained, specialized and Board Certified Radiologist.

ONLINE

Axiom Mobile Imaging was the first portable x-ray company to offer online web ordering, online access to reports and online image retrieval and online billing... all at no cost to you or your referring physicians. Simply go to www.axiomxray.com

"FILL YOUR BEDS" PROGRAM

Axiom Mobile Imaging has a proven track record that will help to increase your skilled patient population. With improved diagnostics, ease of access, industry leading integrity, quality and turnaround times we help to cross promote your facility, improve your services and reputation and ultimately fill your beds with increased physician referrals.

Our Services

- 100% digital diagnostic x-rays from head to toe
- Ultrasounds
- 100% digital Dental x-rays
- EKG/ECG's
- Bone Mineral Density examinations
- Peripheral Nerve Assessments
- Spirometry
- Bronchograms
- Bi-Directional Dopplers
- 24-72 hour Holter Monitor Exams
- Online ordering and retrieval of exams and reports
- **"Fill Your Beds"** Proven Marketing Support Program to encourage referrals from MDs and Discharge Planners

"They're Great! Easy to work with and precise. The doctors like the accessibility of the Internet to view our resident's x-rays minutes after the picture has been taken. I've researched other options that have come my way and nothing has even come close. Their high tech approach coupled with reliability puts them in a field of their own." –Scott Bissey, ED Sunrise Senior Living, Brighton Gardens
